## EXPERIENCE

07/2019 – 07/2020

Raleigh, NC

### ALLBRIDGE

#### Application Designer

- Created application designs that increased the functionality of the numerous projects I assisted with.
- Responsible for delivering clear and detailed designs in a timely manner to execute the project at hand.
- Communicated regularly with end users to validate the design.
- Produced low and high fidelity wireframes for early design assets.
- Created prototypes with Sketch to assist in getting internal 'sign off' for designs.
- Tested the functionality of the products and opened tickets using GitLab.

01/2016 – 03/2018

### VIRTUAL REALITY GROUP

#### Realtor

- Achieve and maintain performance metrics and provide best-in-class service.
- Drive to be #1, competitive and determination to be the best.
- Engage the business development team to ensure that offices are supporting the sales agents and program in all territories.

06/2013 – 07/2019

Raleigh, NC

### WALGREENS

#### Shift Lead

- Lead team members in providing extraordinary customer care to the general public.
- Provided and efficiently executed strategic plans that lead the store to the best metrics in district.
- Assist in the training/development of new hires; act as employee mentor.

## SKILLS

- UX Design
- Some ability with HTML, CSS and Javascript
- Proficient in Photoshop, Sketch and Invision
- Proficient in layout, color theory, and composition

## EDUCATION

2016 – 2018

### WAKE TECHNICAL COMMUNITY COLLEGE

Associate in Arts
